

7shades Pricing and Service Guide

All Prices are based on the client paying for the miniatures and sending them to us "raw" i.e. no paint. We do not mind minis coming with white or gray primer. Less than 5 minis cost an extra \$.60 cents each. Any custom work is done to the finest quality. All models are sanded, primed, flash removed, pinned if needed and if requested, sculpted with green-stuff.

Ordering. Please include the level you want and the type of basing you are requesting. If we are assembling, please be specific about the configuration of weapons and options etc.

If you want the minis to match an existing army, send a painted mini with your order and/or, send us a pic via e-mail.

Shipping: \$7.50 shipping and handling. Very large packages will have to go by the UPS rates. We will communicate with clients on all shipping costs. We are not responsible for damage done during shipping. We will do our best with the packaging. We try to make it gorilla proof.

Please ship your models to

7 Shades Painting
